Panel-oke (say it like karaoke)

Can't sing...but have something to say? Panel-oke!

1 Prepare a topic for discussion

This is like choosing with song you'll sing at karaoke. Choose something common to designers but specific enough to easily explain.

2 Sign up to participate

This is just like signing up at karaoke - your turn will be up in no time.

3 Your turn? Gather a panel

Present your question to the crowd and either ask for volunteers, bring friends, or pick someone from the audience.

4 Panel-oke!

You've got 5 minutes. Discuss! If the conversation fades feel free to call it off and give someone else a turn, or ask for help from the audience.

5 Rinse-and-repeat
